- Continuously improve our services through innovation, technology, and operational excellence.

VISION

To become a globally recognized leader in LPG trading, logistics, and engineering solutions by delivering safe, innovative, and sustainable energy services that create long-term value for customers, partners, and communities worldwide.

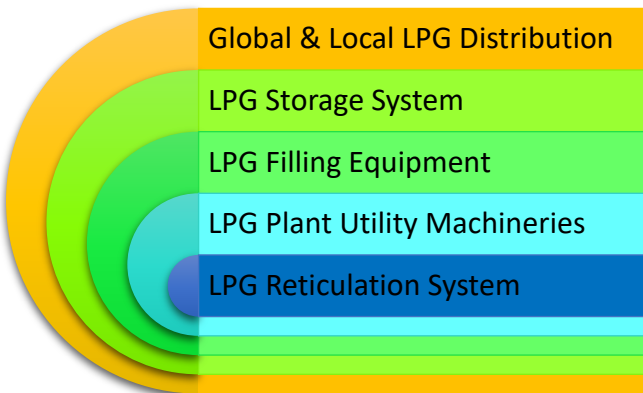

COMPANY PROFILE

Dingsheng Energy Limited is a global LPG trading and engineering company committed to delivering reliable, safe, and efficient energy solutions across international markets. With extensive experience in LPG trading, logistics, engineering, and equipment supply, we provide comprehensive end-to-end solutions for the LPG industry.

Our trading operations connect major LPG-producing regions in the Middle East and Asia with customers throughout Bangladesh, India, Sri Lanka, the Maldives, and other international markets. From product sourcing and vessel chartering to terminal coordination, customs support, loading, unloading, and final delivery, we manage every stage of the supply chain with strict adherence to international safety standards and local regulatory requirements.

Beyond LPG trading, Dingsheng Energy Limited is a trusted supplier of advanced LPG equipment and complete plant solutions. Our product portfolio includes LPG filling machines, carousel filling systems, inline filling systems, LPG compressors, LPG pumps, vaporizers, storage and handling systems, and other specialized equipment for LPG
